# Business Game – Instructions

---

- ▶ After the theoretical lesson on Solvency II, you will work on a business game based on the lesson
- ▶ The business game has to be performed in team, hence you will work in teams of 5-7 people
- ▶ The teams will work separately
- ▶ In the afternoon, the teams will present their solution for the business game in English
- ▶ After your presentations, EY representatives and your professor will determine the winning group

# Business Game – What to do

---

- ▶ Time will be limited, hence form the teams in advance and elect a team captain for each group
- ▶ Bring your laptop – at least one laptop per group, ideally each team member has its own laptop
- ▶ Refresh your Excel skills
- ▶ Most important...

**Have fun!**
